Our Fleet

Thrifty have an extensive range of quality late model vehicles serviced in-house by experienced mechanics in our own workshops.

We continually strive to be the best and select vehicles we know are up to the challenges and unique conditions in the NT and Kimberley.

In the unlikely event that something goes wrong during your hire, we have a 24-hour national breakdown number.

We have vehicles for everyone; and our range includes but is not limited to:

- Small to large 2WD and larger 4WD vehicles
- 12 – 25 seater Buses

Restricted Areas/Unsealed Roads

- All 2WD vehicles must stay on sealed bitumen roads at all times.
- Our 4WD vehicles are allowed to travel on designated and gazzetted unsealed roads throughout the Territory.
- Places such as Gunlom Falls, Maguk and roads in LNP are all accessible and our clients can travel freely on these roads.
- There are however, roads that are off limits invariably due to their condition or level of 4WD skills required to safely traverse these in a large vehicle.
- Unless we have given our prior written consent, roads that are off limits include but are not limited to:
 - Jim and Twin Falls in Kakadu National Park,
 - Tanami Track in Central Australia
 - The road to Nhulunbuy (Gove) and all roads in Arnhem Land.
- Roads in the Kimberley that are strictly off-limits include but are not limited to:
- Mitchell Plateau, Kalumburu and the northern section of the Tanami Track.
- These restrictions are in place to ensure the safety of those travelling and to prevent excessive damage to the vehicle.

- Thrifty is located throughout the Northern Territory:

- To make things even easier we also have airport service desks that meet all incoming flights into Darwin, Alice Springs, Yulara and Katherine. For all airport pick ups a Premium Location Surcharge (PLS) is applicable.

Locations

- Thrifty is also located in the north of WA in Kununurra and Broome – these locations also boast airport desks that meet all incoming flights to facilitate vehicle collection directly after flight arrivals.
- Thrifty operates a national network in order to allow flexible traveling.
- One Way rentals are available, however the rates for one-way rentals between locations can vary and there is a minimum number of days and a One Way Fee payable.
- This varies as sometimes due to fleet requirements or forward bookings we need to move vehicles between locations.

Staff & Covid

- Our staff are knowledgeable and can advise on and suggest itineraries whilst travelling in the NT so you can maximize your leisure time during the rental.

Covid Plan:

- All vehicles regardless of the rental duration are thoroughly cleaned after each hire is terminated.
- However, the dreaded 'C' word that has wreaked havoc worldwide has created extra challenges. Thrifty have a detailed Covid plan in place which includes regular cleaning and disinfecting of high-touch contact areas (steering wheel, door handles, seatbelts, gear stick).
- We also know that because of its unpredictability, travel plans can be thrown into disarray at a moment's notice.
- Thrifty offer full refunds for any hires cancelled up to and including the intended day of vehicle collection.

Website

- Our website also has an abundance of useful information as well as photographs and descriptions of the fleet available at our NT locations.
- There is also a FAQ menu that should be able to answer any questions regarding the vehicle, hire terms and conditions and pricing.
