

Tourism Voucher Factsheet for Businesses

ROUND 1

\$5.2 million
NOW CLOSED

ROUND 2

\$5 million
OPENS 2 NOV 2020
at 8PM

ROUND 3

\$5.5 million
OPENS 1 FEB 2021
at 8pm

KEY DATES

1/2/2021

Round 3 registrations
open at 8pm.

The release of the voucher codes will be staggered on a daily basis. All first release of vouchers will be received by 12 February.

30/4/2021

Round 3 ends.

All vouchers must be used and travel must have been completed by 30 April 2021 at 11:59pm.

STEP 1

Plan your holiday on one of the Visitor Information Centre websites, whilst you await the opening of Tourism Voucher registrations.

STEP 2

From 1 February at 8pm register for your Tourism Voucher (to be released in a staggered daily approach until 12 February) at www.territoryvoucher.nt.gov.au

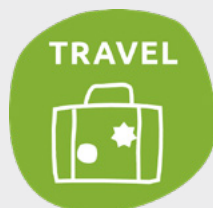

STEP 3

Once you receive your voucher code via email, make your booking at a local Visitor Information Centre (in person or online) within 14 days (travel to be completed by 30 April). Vouchers are valid for **up to \$200** based on a \$1 for \$1 investment.

STEP 4

Apply for your 'optional' bonus reimbursement claim (**up to** an additional \$200 based on a \$1 for \$1 investment) for booking a travel experience 400kms from your place of residence. **This step must be completed within 7 days of receiving your booking confirmation.** This can be done at www.territoryvoucher.nt.gov.au/claim-my-bonus

STEP 5

Bonus claim reimbursements will be made to you by the NT Government after completion of travel, proof of travel may be required.

The fine print

The following summary explains the voucher parameters.

- In round 3, vouchers will be valid for 14 days from issue of voucher.
- Vouchers can be used on multiple tourism experiences but only if they are booked in the one transaction. Any unused funds will be returned to the funding pool for Territorians on the waitlist.
- 50% of the booking value **up to** a maximum of \$200 (regardless of distance travelled) will be applied on check out when payment is made.
- A bonus claim of up to \$200 will be available via reimbursement, for booking a product that is over 400kms from your place of residence (based upon proof of ID).
- Calculated from the total booking amount and based on a \$1 for \$1 investment, bonus claim reimbursements can be anything from \$1 to **up to** a maximum of \$200.

Bonus claim

- The bonus claim must be made using the same submission details as those shown on the original tourism voucher. If the submission details do not match up, eligibility will be void.
- To be eligible for the bonus reimbursement, the 400km parameters will measure the distance, using Google Maps, from your place of residence (based upon proof of ID) to each bookable product along your journey, but only if they are undertaken as part of one sequential trip. This distance measure does not include the journey home.
- The bonus claim must be lodged within 7 days of the booking confirmation at www.territoryvoucher.nt.gov.au/claim-my-bonus if not received within this time, eligibility will be void.

- Receipts must be maintained as evidence for the reimbursement claim.
- All bonus claim applications should be lodged at www.territoryvoucher.nt.gov.au/claim-my-bonus and must include:
 - First name
 - Last name
 - Booking number/confirmation
 - Voucher number
 - Proof of residence i.e. driver license, proof of age or a recent utility bill
 - Booking confirmation i.e. receipt/itinerary
 - Email address
 - Phone number
 - Bank details (only the person whose name the voucher is in can apply)
- The bonus claim will be paid post travel if the application is made within 7 days of the original booking confirmation. Importantly, no application for the 'bonus' will be considered outside this timeframe.
- The bonus claim will be calculated based on the original booking amount i.e. if a booking is made for \$600 and the 400kms parameters are met, you will be eligible for a discount of \$300 (\$1:\$1) with \$200 discounted automatically at time of purchase and a bonus \$100 rebated after travel has been completed.
- Tourism NT will make a final decision as to whether all criteria has been met, and that decision is final.

Further advice regarding the 400kms or more (by road or air); calculated based on the following criteria:

- The total number of kms of your journey from your place of residence (based upon proof of ID), to the final tourism product on your itinerary, measuring the distance to each tourism product on your journey.
- Your journey to each tourism product must be sequential (i.e. you may not return home in between each booking).
 - Example 1:** You are based in Darwin. You book two nights' accommodation in Kakadu and two nights' accommodation in Katherine. If these bookings are sequential (i.e. you drive from Darwin, to Kakadu to Katherine); you have travelled in excess of 400kms by road and will be eligible for the bonus claim.
 - Example 2:** If you create an itinerary with bookings for two weekends but travel back to your residence in between, it will be considered two separate trips. Each trip would need to be reviewed separately for eligibility for a bonus claim.
- The distance between each tourism product will be measured using the Google Maps tool.
- Your journey home from the last tourism product will not be included in the distance calculation.
